The family discount includes 15% for the second child, 25% for the third child and 100% discount for the fourth child (etc.) in one family.

Tuition Assistance:

Tuition assistance does not cover registration fees or course fees. It is based on income level and assessed need for assistance.

FVAA has limited funds available for Tuition Assistance. Therefore, applications will be assessed on a first come first serve basis beginning with constituent members and the submission of a **completed** online application through FAST. Please see reverse side for details. For verification of income, a copy of your **2024 tax assessment** must be uploaded through the FAST system.

Attendance Required:

Regular attendance is required for all students and is a consideration in the registration and re-registration of students each year. A failure to maintain regular attendance for those receiving tuition assistance may jeopardize student aid funds.
